A report on students feedback on Teachers:2011-12

Students Assessment of teachers is a regular practice in our college. A Comprehensive format for Teacher Assessment is given to the students at the end of the academic year. The dully filled in feed back forms are collected from the students by the Head of the Departments about the teachers of their concerned departments. The principal gets the feedback about the HOD's while interacting with the students.

They are examined by the principal. Faculty members who are found to be deficient in the necessary competencies are helped by the Senior Teachers and the Principal to overcome the deficiencies.
